

FoodPack Tray sealers

SPEEDY LINE

The line for
every need.

SPEEDY

Foodpack Speedy the automatic tray sealer ideal for medium production.

Foodpack Speedy was born from the need to offer an affordable and ambitious machine for those who require a fast and precise working cycle.

HIGHLIGHTS

1. Accessible
2. Flexible
3. Precise
4. Fast
5. Compact
6. User-friendly

EASY AND INTUITIVE TOUCH SCREEN

Thanks to a simple and intuitive interface, the touch screen makes the Speedy easy to use even for novice personnel.

WIDE LOADING AREA

Speedy is equipped with a large loading area: total control of speed, acceleration and deceleration.

QUICK MOULD CHANGE

A machine for every need: FoodPack Speedy allows to easily switch from one format to another.

SPEEDY

Speedy E-mec is the mechanical version of FoodPack Speedy: silent, efficient and with a wider sealing area, this model guarantees increased performances.

HIGHLIGHTS

1. Mechanical
2. Silent
3. Flexible
4. Accessible
5. Precise
6. Fast
7. User-friendly

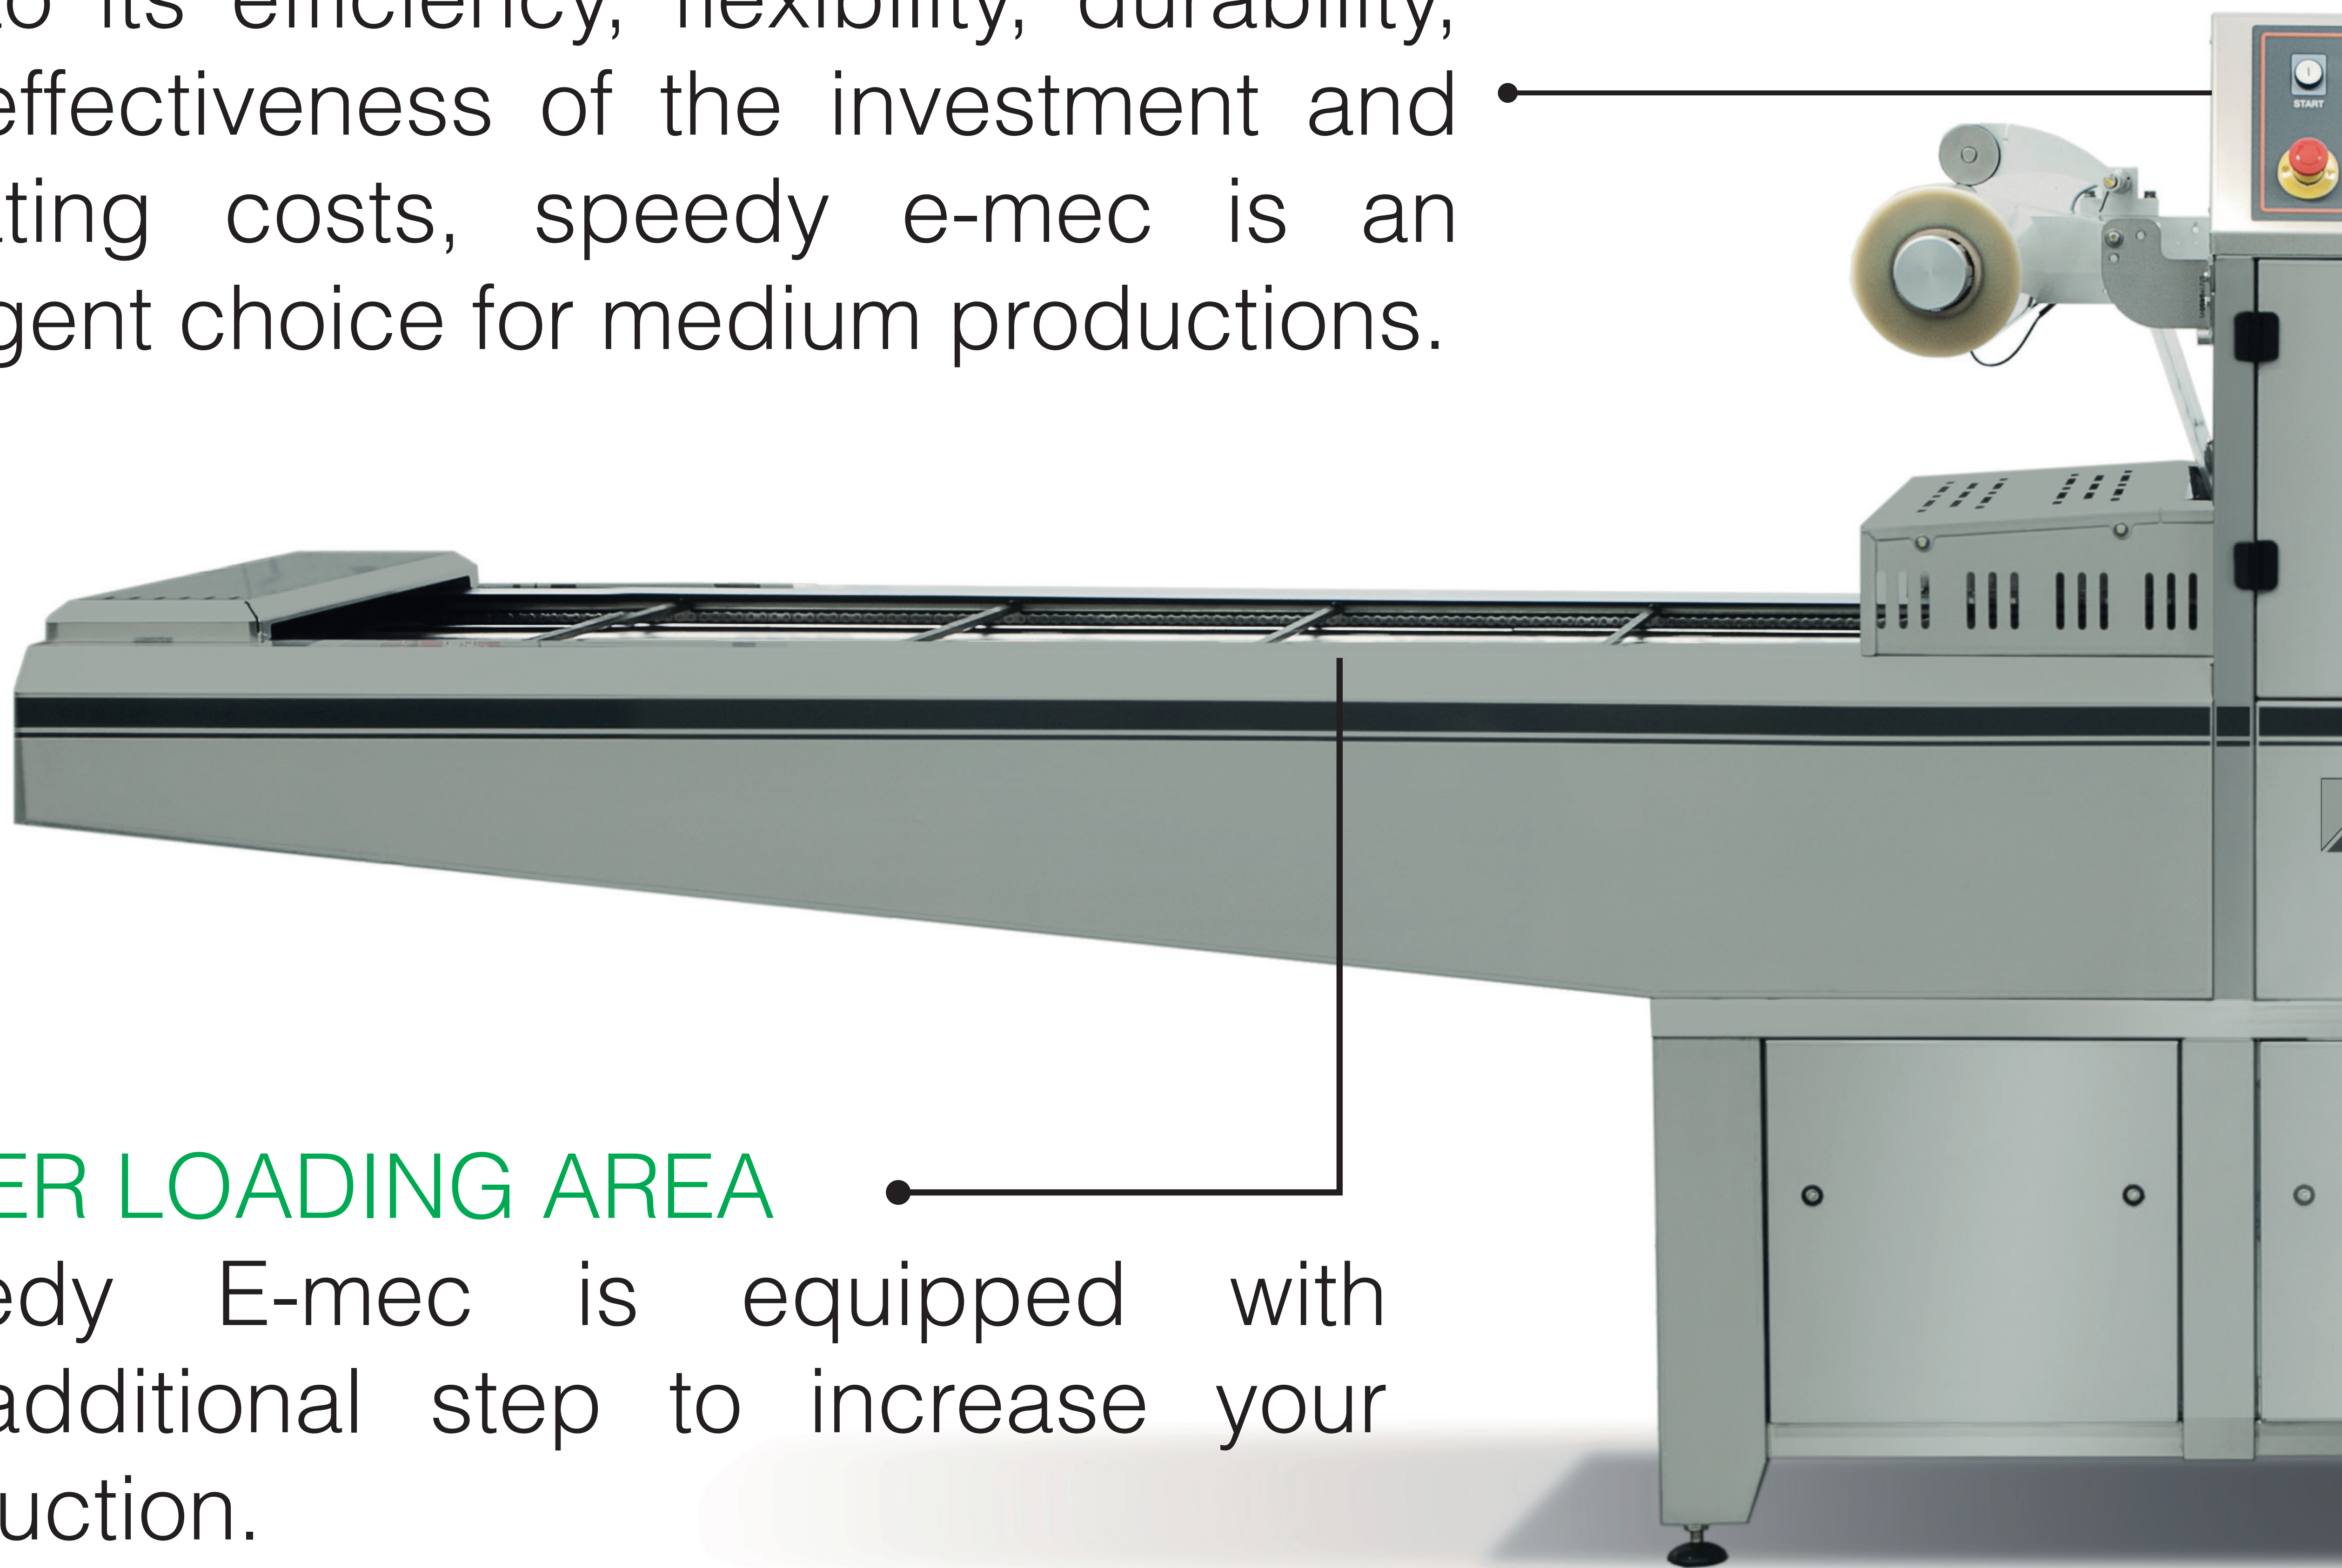

YOUR PRODUCTION TO THE NEXT LEVEL

Due to its efficiency, flexibility, durability, cost-effectiveness of the investment and operating costs, speedy e-mec is an intelligent choice for medium productions.

WIDER LOADING AREA

Speedy E-mec is equipped with an additional step to increase your production.

MECHANICAL SEALING

Thanks to its mechanical motor it manages to limit energy consumption while maintaining constant production.

SPEEDY DUO

Speedy DUO is the perfect machine for those who don't have time to change mould.

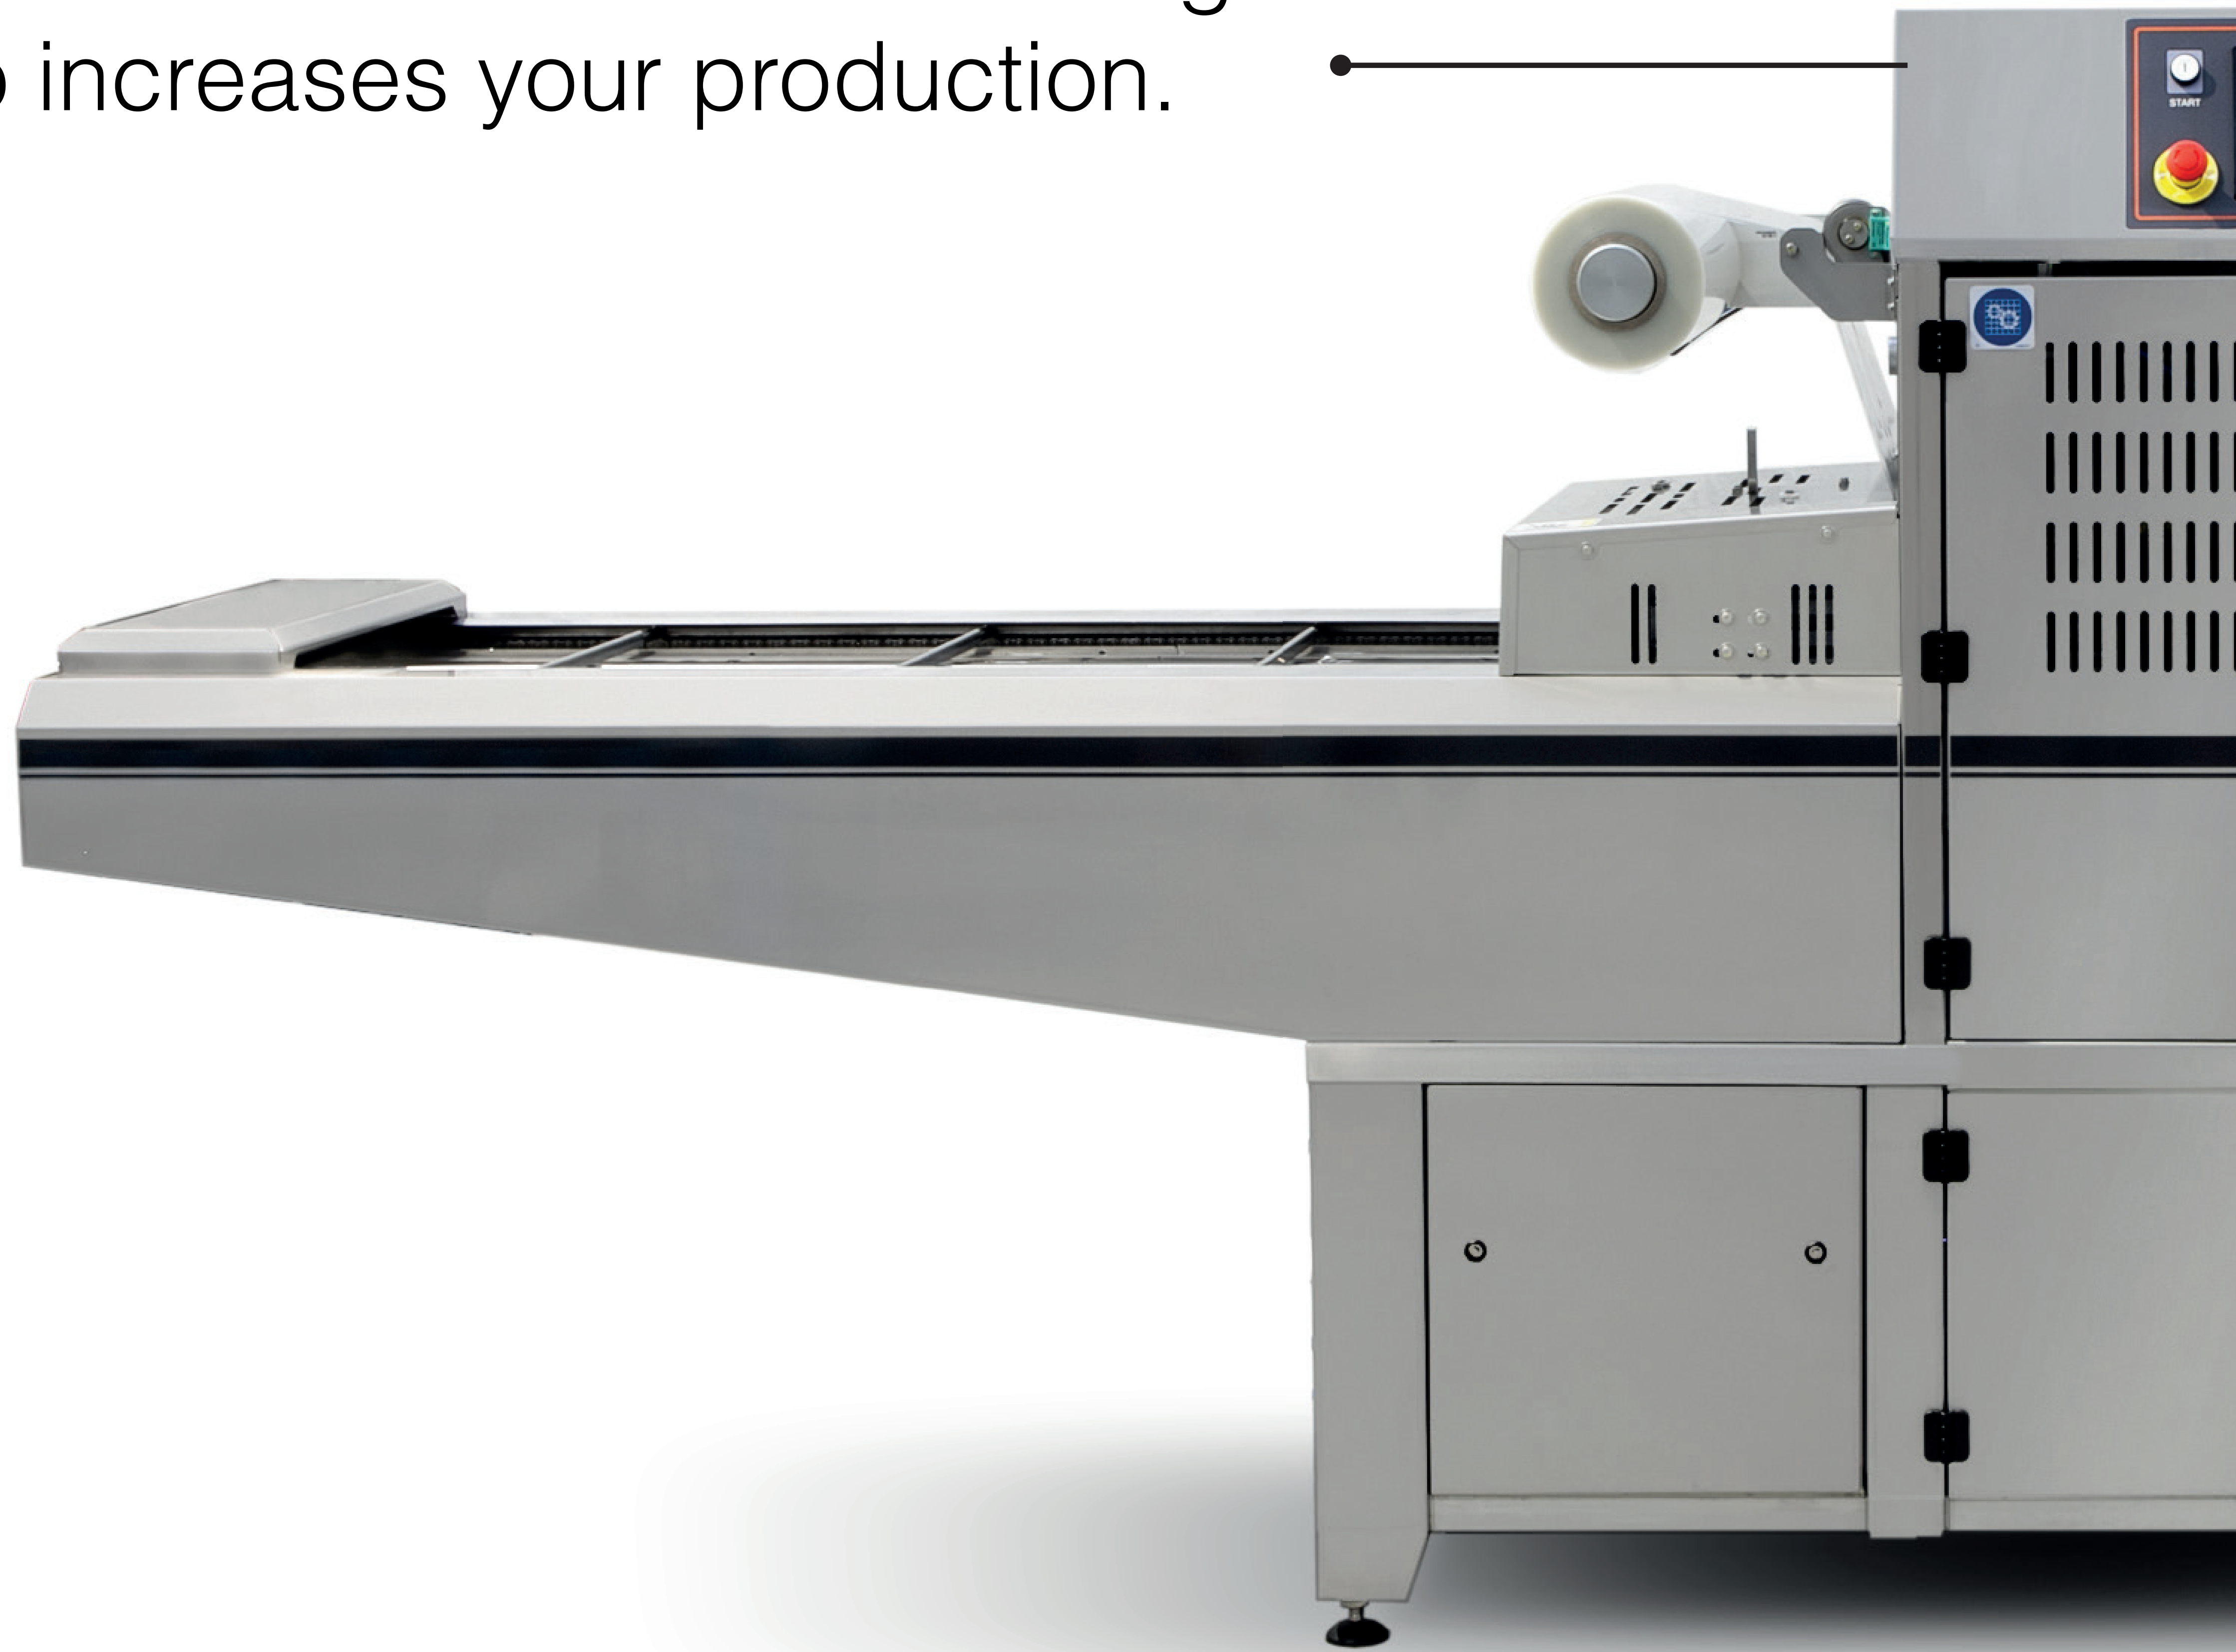

HIGHLIGHTS

1. Accessible
2. Flexible
3. Precise
4. Fast
5. Compact
6. User-friendly
7. Double Sealing
8. Independent Moulds

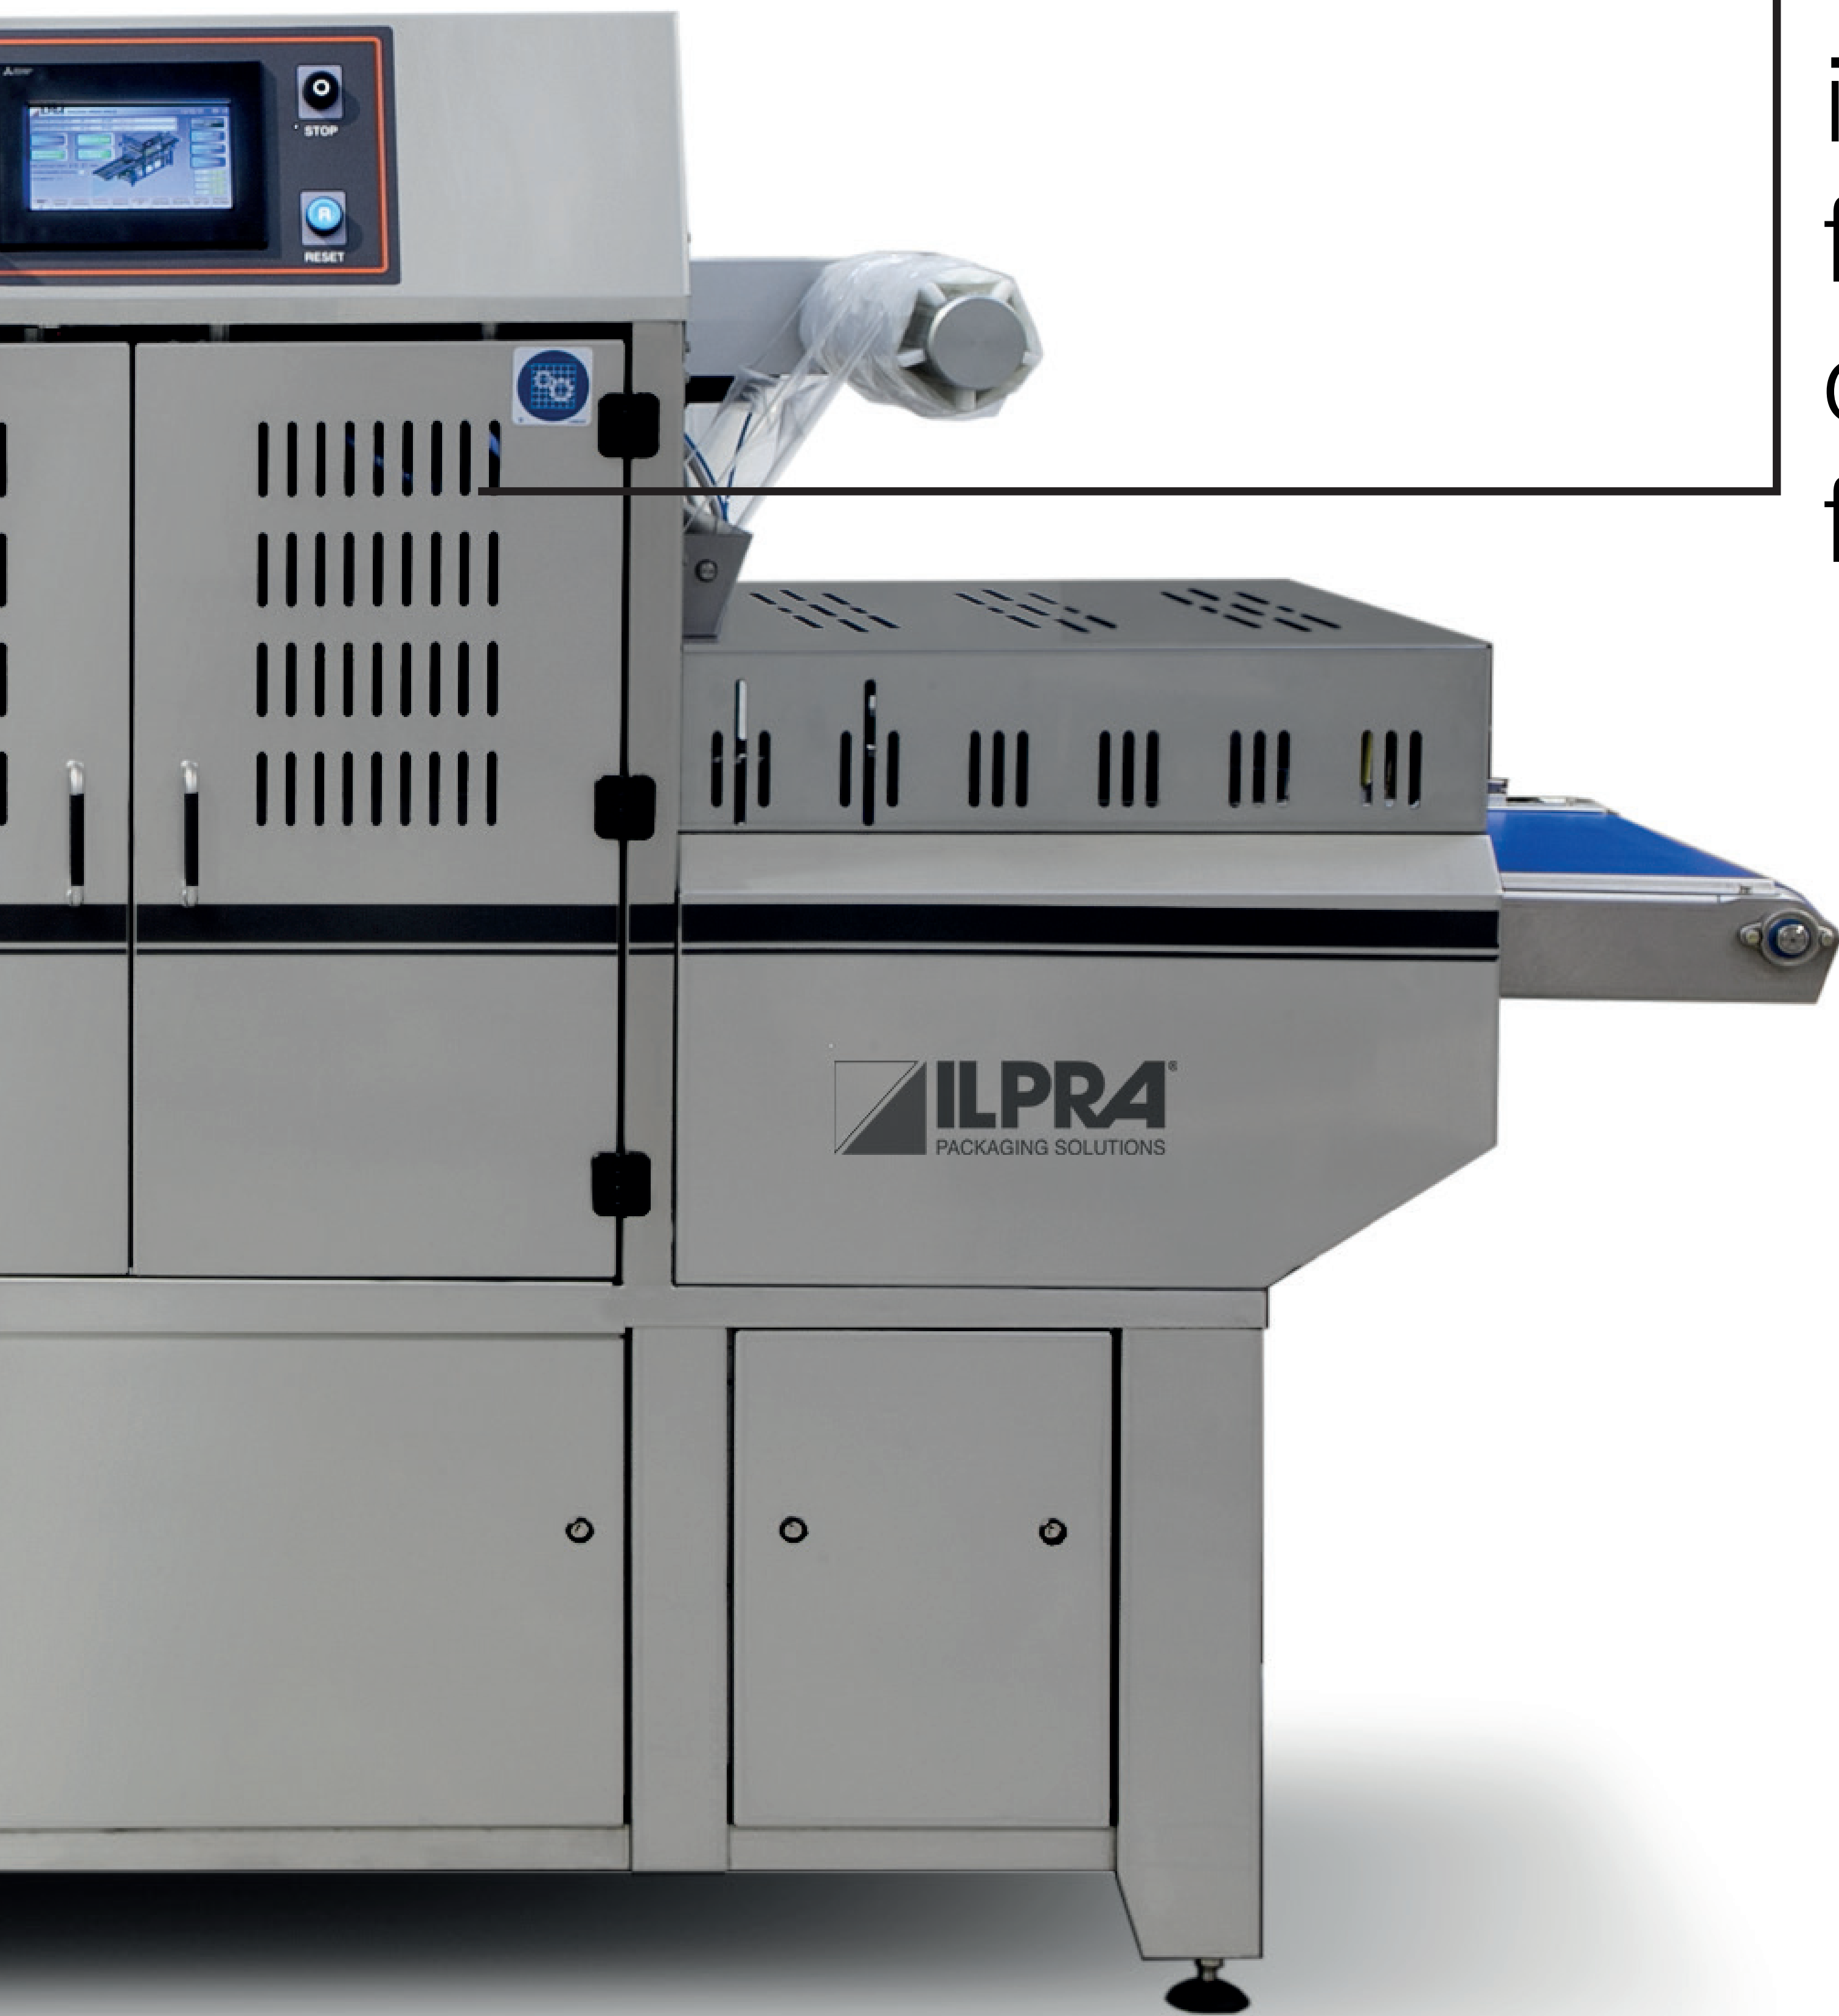

TIME OPTIMIZATION

By avoiding the time for mould change Speedy Duo increases your production.

DOUBLE SEALING

The two sealing units can work independently, to pack two different formats without changing molds or simultaneously with the same format.
